

~~or a metal or acid addition salt thereof.~~

Claims 9 and 10, please cancel.

prohibit against
~~Claim 11. (Amended) A [Wood] wood or [a] timber-derived~~
 product made resistant to fungi by the presence of or within said
 product of a fungicidally effective amount of the compound of the
 formula

~~or a metal or acid additional salt thereof.~~

REMARKS

This application pertains to a novel method of protecting wood against wood-destroying fungi, and to novel wooden products protected against wood-destroying fungi.

Applicants note that a typographical error is present in formula (6) of the accompanying Declaration. In this formula of Fluconazole a CH₂-group is missing. The correct formula scheme is:
